20955 Pathfinder Road, Suite #100, Diamond Bar, CA 91765 USA

WIFI Channel 12 &13 & Ad Hoc Mode Function Declaration Letter

To whom it may concern:

We have declared below features for FCC equipment authorization in regard to operating capability for FCC ID : 2AE3B-AEX-AR95X

- Product hardware has the capability to operate on channel 12 & 13. However, these 2 channels will be disabled via software and user will not able to enable these 2 channels.
- Product doesn't have Ad Hoc Function and Wi-Fi direct on "non-US frequencies" and/or "on DFS frequencies".
- In non-associated mode, that software and associated drives will not initiate any transmission on DFS frequencies. This includes transmissions for beacon ad-hoc peer-to-peer modes.

Best Regards
