Subject: C2PC Request

FCC ID: 2AE3B-AEH-AR9462

Dear Examiner:

This is to request a Re-Assessment (Modification) of FCC ID: 2AE3B-AEH-AR9462, originally granted on 2016/01/10. There is no hardware or electrical modifications to the applicable modular transmitter

The major change filed under this application is:

Change #1: Its purpose add lower gain antenna. Therefore, original of exposure remains valid, since new antenna gain is less than original grant, it is unnecessary evaluated for RF exposure.

Change #2: This lower gain antenna is difference type with original grant, and complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body. It's for mobile device configuration only. This information will note in user's manual

Best Regards
